NOTICE

Effective January 1, 2020, Interval Estate (Timeshare) units are subject to a Temporary Special Annual Maintenance Assessment

This temporary special annual assessment is being used to renovate interval units and some common elements. The special assessment will be in effect through 2024 unless a majority of the voting members decide to extend the time in order to upgrade the interval units even more. All money raised will be used to refurbish and upgrade interval units and common elements and generally beautify the community.

With sale prices temporarily this low, it might be a good time to invest in Treetop Village.

Temporary Special Maintenance Assessments effective January 1, 2020:

2-bedroom unit = \$96 per year
3-bedroom unit = \$105 per year

The Temporary Special Assessment is in addition to Regular Maintenance Fees shown below

All sales are for 7-day stays as listed below

Regular Annual Maintenance Fees as of January 1, 2022

All 2-Bedroom Units Maintenance Fees = \$585

All 3-Bedroom Units Maintenance Fees = \$642

These fees are among the lowest timeshare maintenance fees at Lake of the Ozarks or the Branson area.
